The catalyst experiment: Bogen fungerer først og fremmest som en integreret del af Project Art Writings Aarhus 2017 - Europæisk Kulturhovedstad manifestation: THE CATALYST EXPERIMENT og bør ses i et ligeværdigt forhold til udstillingen af samme navn på KH7artspace. Seks af bogens i alt otte tekster er skrevet af THE CATALYST EXPERIMENTs udstillende kunstnere og de reflekterer heri såvel over egen praksis som over art writing som fænomen og kunstnerisk position.

På den baggrund er der en tæt forbindelse mellem udstillingsprojektets fysiske del og bogen. Maria Fusco, som siden Project Art Writings fødsel i 2012, har fungeret som teoretisk mentor for projektet, leverer til bogen et stykke hard-core art writing og Trine Rytter Andersen bidrager i sin egenskab af kurator med en tekst, der dels introducerer til Project Art Writing og til udstillingens tematiske fokus på katalysatoren, hvorved teksten samtidig søger at belyse og diskutere nogle af de mere synlige positioner inden for art writing i Danmark. Bogen THE CATALYST EXPERIMENT indeholder desuden en registrant over Project Art Writings aktiviteter fra dets start i 2012 til og med 2017. bidragsydere: The Catalyst Experiment indeholder essays om og med art writing af Trine Rytter Andersen (DK/Aarhus), Magnus Bårtås (SE/Stockholm), Juan Cruz (ES/London), Maria Fusco (UK/Glasgow), Lise Harlev (DK/Berlin), Jesper Rasmussen (DK/Aarhus), Corin Sworn (UK/Glasgow) og Morten Søndergaard (DK/Paris og Pietrasanta).

Catalyst Lab is an initiative where academia and business jointly engage the public on social issues through innovative digital media projects.
